

# WS Interior Studio

## Strategic International Design Partner

Design-only services for overseas projects

---

## About Us

WS Interior Studio is an interior design studio based in Indonesia, working with international partners through **design-only and remote collaboration** models.

We support interior design studios, contractors, developers, and commercial space owners who need reliable design support without increasing internal overhead.

---

## What We Do

We focus exclusively on **design services**, allowing our partners to scale projects faster and more efficiently.

Our scope includes: - Concept design & spatial planning - Schematic design - 3D visualization & basic renderings - Design support for commercial, office, hospitality, and F&B projects

---

## How We Work

**Simple. Flexible. Scalable.**

1. You handle clients and project execution
2. We support your team as a design partner
3. Collaboration is done remotely
4. Engagement can be project-based or ongoing

This model helps partners reduce hiring costs while maintaining design quality.

---

## Who We Work With

We typically collaborate with: - Interior design studios - Design & build contractors - Property developers - Commercial space operators - Hospitality & F&B groups

---

## Why Partner with WS Interior

- Design-only focus (no conflict with your brand)
- Cost-efficient production support
- Flexible collaboration model
- Experienced in handling multiple project types
- Suitable for white-label partnerships

---

## Let's Collaborate

We are open to exploring **B2B design partnerships** with studios and companies looking for reliable design support.
